Number of employees: ER4 is 50 to 99 employees.

Certain lines of business, primarily banks, insurance companies and government entities, do not lend themselves to classification under the D&B Rating system. Instead, we assign these types of businesses an Employee Range symbol based on the number of people employed. No other significance should be attached to this symbol. The ERN should not be interpreted negatively. It simply means we do not have information indicating how many people are employed at this firm. For more information, see the D&B Rating Key.
